

Curriculum Vitae of

SAMER ALHASHIMI

MD, MSc
Cardiac Surgery

Personal Details

Name	Samer Badreddin Alhashimi
Date of Birth	19 May 1986
Nationality	Syrian
Marital Status	Married
Telephone	mobile + (971) 524457652
Current address	Sharjah , UAE
Visa status	UAE Residency
e-mail	samerhashimi@hotmail.com

Registration

UAE MOH Licence No; D53782	Specialist Cardiac Surgery
Full Registration Cardiac Surgery Specialist no. 47213 dated 09-07-2017	Ministry of Health, Syria

Qualifications

Jordanian Board in Cardiac Surgery (Tier 2 as PQR classification)	Jordanian Medical Council , Jordan	2018
Master Degree in Cardiac Surgery (MSc)	Master degree , Damascus University	2017
Syrian Board in Cardiac Surgery	Ministry of Health, Syria	2017
CABHS(CS) (step 2)	Arab Board in Cardiac Surgery	2016
CABHS(CS) (step 1)	Arab Board in Cardiac Surgery	2014
MD	MD Diploma AL Baath University School of Medicine, Syria	2010

Membership of Professional Organizations

Member	European Society of Cardiology	2018
Member	Syrian Cardiovascular Association	9/2015
Member	Syrian Medical Association, Syria Open membership for all Syrian medical graduates	10/2010

Employment History

Specialist ,Cardiac Surgeon Alzahra Hospital, Sharjah ,UAE	11/2018--up to date
Specialist ,Cardiac Surgeon Alkindi Hospital ,Homs ,Syria	7/2017--3/2018
Assistant ,Cardiac Surgeon Albirr & Alafeya Centre for Cardiac Catheterization & Cardiac Surgery /AlShawi Hospital/, Homs ,Syria	11/2016--7/2017

<i>This was a 6 months full-time appointment in a busy acute unit. Clinical duties involved participating in operative sessions, care of in-patients, out-patient clinics , chest trauma and emergency, in addition to the very busy night Shifts coverage.</i>	
Medical School Training Al Baath University Medical School	2004 – 2010
Volunteer at red crescent <i>Homs City Branch ,Syria</i>	3/2008-6/2010

Courses Attended

1	ACLS (Advanced Cardiac Life Support) By American Heart Association ,Abu Dhabi ,UAE 22/12/2018
2	BLS (Basic Life Support) BY American Heart Association ,Abu Dhabi ,UAE 13/12/2018
3	MBA-Finance; Work shop in MBA – Finance (By Dr. Declan Hayes from Southampton University (UK), 2014
4	Cardiopulmonary Resuscitation, Damascus University , Damascus ,June 2012
5	Surgical Emergency , By Syrian American Medical Association-SAMA, Damascus, May 2012

Congresses and Meetings

1	The 2 nd Syrian medical Association conference, Damascus 2-4 Mar 2017
2	The 20 th Syrian Cardiovascular Association conference , Damascus 19-20 Jan 2017
3	New tends in Cardiology , Cardiac and Vascular Surgery Seminar, Alasad University Hospital ,Damascus ,Jan 2016
4	19 th Syrian Cardiovascular Association Seminar, Damascus ,September 2015
5	Scientific Seminar for Medical Care ,Alasad University Hospital ,Damascus ,June 2015
6	18 th Syrian Cardiovascular Association Seminar, Damascus ,May 2015
7	8 th Scientific Seminar for Damascus doctors , Damascus , May 2015

LANGUAGES:

1	English: Fluent
2	German : Intermediate
3	Arabic : Native

PUBLICATIONS:

2017	Surgical Management of Ischemic Mitral Regurgitation, Damascus University Publications 2017
2016	Combined Procedure for Coronary Artery Bypass Grafting and Pulmonary Hydatid Disease , World Journal of Cardiovascular Surgery, 2016, 6, 14-18
2010	Thyroid Tumors, Al Bath University Publications.

Experience

Operative and Ward Duties:

I have a very good surgical experience in different **congenital** and **adult** cardiac surgery operations , Minimal invasive surgeries , **Endoscopic** Saphenous vein harvest , Emergent cardiac surgeries . I did successfully completely and competently a lot of congenital surgeries and a large number of adult cardiac surgeries .

I have assisted at about three thousand (3000) cardiac operations (978 as a first assistant) during my residency.

I have performed personally two hundred twenty seven (227) cardiac surgeries during my residency.

I have assisted at about 500 cardiac operations as a first assistant at al shawi hospital after my cardiac surgery residency .

I have performed 25 successful cardiac operations as a responsible specialist at AlKindi Hospital .

ICU Duties:

I have well experience in aspects of the management of Cardiosurgical patients (pediatrics and adults), cardiac emergencies. I have performed a large amount of procedures like intubation , arterial line insertion, temporary venous pacing, central line insertion, pericardial drainage, intraaortic balloon pump insertion, Swan Ganz catheter insertion, , tracheostomy, pleurocentesis , chest drain insertion and management.

Good experience with defibrillators and ventilators.

Procedures during residency

ICU Procedure	no.	notice
Intubation*	100	*Pediatrics from 3.5 Kg
CV line	45	
Temporary venous pacing	3	
pericardiocentesis	6	
CPR (Pediatrics +Adult)	85	
Tracheostomy	12	
Chest drain insertion*	88	*Pediatrics from 3.5 Kg
Radial Artery dissection*	10	*Pediatrics from to 3Kg
Peritoneal dialysis Catheter insertion*	6	*Pediatrics from 4 Kg
Continuous Renal Replacement Therapy (CRRT) insertion and management	20	

Adult Cardiac Surgery	
COMPONENT PROCEDURES	
Endoscopic Saphenous vein harvest	102
Radial artery harvest	10
Internal mammary artery harvest	95
Insertion coronary sinus cannula	8
T graft proximal anastomosis,.	7
Re-Do sternotomy	19
Thoracotomy	22
CORONARY BYPASS SURGERY	
Off Pump coronary bypass. (No. of patients)	7
All coronary bypass surgery. (No. of patients)	67
AORTIC SURGERY	
Aortic Valve Replacement	22
Ascending aorta (supracoronary)	1
MITRAL VALVE SURGERY	
Mitral Valve Repair	9
Mitral Valve Replacement	25
OTHER VALVE SURGERY	
Tricuspid Valve Procedure	17
Double Valve Procedure	11
Triple Valve Procedure	2
PACEMAKER AND DEFIBRILLATOR INSERTIONS	
Dual Chamber	1
Biventricular	3
Generator Change/Removal	2
OTHER CARDIAC OPERATIONS	
Myxoma	1

ADJUVANT OPERATIONS/PROCEDURES	
IABP insertion	30
Femoral cannulation (for bypass)	10
Axillary cannulation (for bypass)	2
Re-op for bleeding (intra-thoracic)	27
CVP/Swan Ganz insertion	10

Congenital Cardiac Surgery	
Cases without cardiopulmonary bypass	
PDA	9
Aortic coarctation	2
Modified B T Shunt ,etc..	1
Cases with cardiopulmonary bypass	
ASD	29
VSD	8
Pulmonary Stenosis & Right Ventricle out flow obstruction	4
Tetralogy of Fallot	6
Partial AV Canal	5
Congenital Aortic stenosis	5

Procedures after residency up to date

PROCEDURE	No:
CORONARY BYPASS SURGERY	
On pump coronary bypass surgery.(No. of patients)	12
Off Pump coronary bypass.(No. of patients)	2
AORTIC VALVE SURGERY	
Aortic Valve Replacement (No. of patients)	2
MITRAL VALVE SURGERY	
Mitral Valve Repair (No. of patients)	1
Mitral Valve Replacement (No. of patients)	2
OTHER VALVE SURGERY	
Double Valve Procedure (No. of patients)	1
Triple Valve Procedure (No. of patients)	1
CABG +Mitral Valve (No. of patients)	1
COMPONENT PROCEDURES	
Endoscopic Saphenous vein harvest	15
Radial artery harvest	2
Internal mammary artery y graft	2
Retrograde cardioplegia via coronary sinus cannula	3
